# Are you thinking of starting an **indoor** play center?

Read advice from our experts online at [nflatables.com/indoor](http://nflatables.com/indoor)

## Why open an indoor inflatable play center?

If you're currently an outdoor rental company, you may be eyeing an indoor business with a bit of envy. After all, there are less weather-related issues, less physical labor, less travel time, and less chance of damage to your equipment from weather, vandals, or unruly customers.

If you currently have an indoor play center, you may be looking at inflatables with equal amounts of envy. Not only do kids love inflatables, they are quite affordable when compared to a similar type of hard-ride, making the cost of entry very manageable. Inflatables might just be the perfect way to really take your current business to the next level.

## To franchise, or not to franchise?

This is an important first question. There are many franchise chains of

inflatable indoor centers available, and many customers take that route. Like in any industry, franchises provide a great way to enter a business.

Many other people decide to skip the franchise route and to go into business themselves, feeling that they can create their own valuable brand-name. Many enjoy the freedom of going-it-solo. In either case, it is totally a personal decision.

## Think like a parent.

As the old adage goes, location really is everything, and can really make or break this type of business. Simply finding a cheap, inexpensive building with large floor space and high-ceilings (very important, mind you) will not bring the public to your door. Contrary to another popular saying, if you build it doesn't necessarily mean they'll come.

So what is the ideal location then? That depends. Take some time and

consider the demographics of your targeted location. Are there lots of kids between the ages of 2 and 10? Think like a parent: will my location be convenient for taking the kids after school?

An important thing to remember is that it is very difficult to entertain all age groups, and you may find that it is better not to try. Why? And why does choosing the right inflatables matter?

## 5. LIMITED WARRANTY:

Seller offers a 2-YEAR LIMITED WARRANTY on all CEC-brand inflatable products sold by Seller in the following product categories: Slides, Water Slides, Obstacle Courses, Kid Combos & Jr. Combos, Bouncers & Combos, and Interactive Games. Seller offers a 1- YEAR LIMITED WARRANTY for all other product categories of CEC-brand inflatable products, including any CEC-brand inflatable product used in an indoor environment, and further warrants that the inflatable supplied to you is free from:

a) Defects in the materials and the workmanship that is provided you in your cold-air inflatable.

b) Defects arising from the selection of materials or the process of manufacturing.

c) Defects in the design, in view of the state of the art on this date (artistic license excluded).

The warranty shall apply to your CEC-brand inflatable plus all accessories, equipment and parts manufactured by Seller. Accessories, equipment, and parts not manufactured by Seller are covered by the warranty, if any, provided by the original manufacturer of such accessories, equipment and parts, and any claims of defect must be directed to the original manufacturer directly for repair or replacement. WEAR COVERS (SUCH AS ENTRANCE COVERS OR MATS, SLIDE COVERS, AND CLIMB COVERS WITH STEPS) ARE NOT WARRANTED BEYOND THE FIRST 90 DAYS AFTER BUYER RECEIVES ORDER. THESE COVERS ARE INTENDED TO REDUCE WEAR ON THE INFLATABLE AND REQUIRE PERIODIC REPLACEMENT.

The blower fan motor sold with your inflatable is covered by the blower manufacturer's own warranty, if any. Any claims of defect in the blower operation must be directed to the blower manufacturer directly for repair or replacement. Blowers usually carry a (1) year warranty (please check with the blower manufacturer directly). Warranty claims for blowers must be filed directly with the blower manufacturer of the blower device.

WATCHDOG BLOWERS SIRENS are covered by a 90 day warranty from date of shipment. If WATCHDOG BLOWER SIREN cannot be repaired, it will be replaced within the first 90 day period. Buyer is responsible for shipping charges of warranty WATCHDOG BLOWER SIREN claims.

IN CASES OF DEFECTS IN MATERIALS, WORKMANSHIP OR DEFECTS ARISING FROM THE SELECTION OF MATERIAL OR PROCESSES OF MANUFACTURE, SUCH DEFECTS MUST BECOME APPARENT IN THE INFLATABLE, EQUIPMENT OR PART WITHIN THE APPLICABLE WARRANTY PERIOD DESCRIBED ABOVE, AND SELLER OR ORIGINAL MANUFACTURER MUST BE INFORMED DURING THE APPLICABLE WARRANTY PERIOD. The extent of Seller's liability under this warranty is to defects in material or workmanship and Buyer's sole remedy is limited to replacement of the defective material. Damages for defects arising from the selection of material or the processes of manufacture are limited to the repair of such defects or to the repair of replacement (with item free from the defect in question) of any CEC-brand inflatable product, or any accessory, equipment, or part manufactured by Seller which is defective in any of such respects with the exception of color fading. The extent of Seller's liability under this warranty as to defects inherent in design is limited to the correction at our expense of all such defects becoming apparent in the CEC-brand inflatable product, or any accessory, equipment or part manufactured by Seller within one year of use.

Seller is not responsible for any lost revenue as a result of a warranty claim by buyer.

d) WEAR AND TEAR DUE TO NORMAL USE OR OVERUSE IS NOT COVERED BY THIS WARRANTY. If it appears during repair inspection that the inflatable is damaged due to overloading or misuse by its patrons, the affected areas will not be covered under our normal warranty.

e) SELLER IS NOT RESPONSIBLE TO REPLACE ANY INFLATABLE PRODUCT AS A “LOANER” PRODUCT DURING A REPAIR OF A WARRANTED PRODUCT. If a “LOANER” product should be available during the repair, at Seller's discretion, Buyer will responsible for all round trip shipping charges and any damages caused to the inflatable supplied.

f) Seller shall make all such repairs, replacements and corrections with care.

g) This warranty shall become void if inflatable is packed wet or repaired by any other repair agency not approved by Seller .

h) A product shall not be considered defective if it is a different color than shown in the Seller catalog or website and no warranty is made relating to zippers, color, Velcro, digital printing or any airbrushing done on any product. Airbrushing and painting may chip or peel due to the type of vinyl paint manufacturers are required to use to comply to EPA (Environmental Protection Agency) regulations. PAINT USED ON AN INFLATABLE IS A WATER BASED SUBSTANCE THAT MAY NOT TOTALLY ADHERE TO ALL VINYL SURFACES WHEN APPLIED.

SELLER MAKES NO OTHER WARRANTY OF ANY KIND WHATSOEVER, EXPRESSED OR IMPLIED; AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE WHICH EXCEED THE AFOREMENTIONED OBLIGATION ARE THEREBY DISCLAIMED BY SELLER AND EXCLUDED FROM THIS AGREEMENT.

In no event shall Seller be responsible for damages including, but not limited to, consequential damages, liquidated damages or lost profits of any nature whatsoever. Buyer's damages, as against Seller, are limited to whatever amount Buyer actually paid to Seller per this order .

## 6. SHIPPING OF WARRANTY REPAIRS:

Seller shall be responsible, at its discretion, for ground freight to and from Seller's production facility for the first 90 days after the date of delivery using a Seller approved freight carrier within the 48 contiguous states and not to exceed a maximum of \$600.00 USD. Warranty claims made after the initial 90 day period requires Buyer to pay the cost for inbound shipping charges to Seller's facility and Seller will pay the return cost to Buyer.

IT IS IMPORTANT TO CHECK ALL ORDERS IMMEDIATELY WHEN RECEIVED! All returned shipments must be pre-approved by Seller and a return authorization (RA) number issued; if not, Buyer will be responsible for any freight charges incurred.

## 7. REPAIRS OF WARRANTY CLAIMS:

Seller will handle all claims for warranty repairs in the following manner:

a) A RETURN AUTHORIZATION (RA) NUMBER WILL BE ISSUED TO THE BUYER FOR ANY REPAIR, INCLUDING WARRANTY CLAIMS.

b) Products received by Seller will be examined by repair staff and an estimate for necessary and recommended repairs will be sent to Buyer for approval in the form of a fax or email.

c) Once approved by Buyer, repairs will be scheduled and completed. Repair orders must be paid for in full following Seller's normal payment terms before shipping back to Buyer.

c) A photo or photos of the inflatable with the area that is being claimed is emailed to Seller authorized representative. This photo must include a scale reference and location on the inflatable where damaged areas are located.

d) Seller will make an initial determination of the repair being a valid warranty claim.

e) Repair center recommended by Buyer will be contacted by Seller supervisor to determine capability of repair center to handle the repair. Note: Not every recommended repair center will be accepted by Seller for repairs of CEC-brand inflatable products.

f) If repair center is accepted by Seller, the inflatable will be sent to this center, at Buyer's expense, for inspection by repair center.

g) A written estimate detailing the repair and potential causes for the damage will be sent to Seller to review. h) If repairs are accepted as warranty related, Seller will issue a Purchase Order (PO) to the repair center for the repair.

i) Seller will NOT pay for any rush charges for repairs of any warranty related items. Scheduling of repairs by outside repairs centers will be handled by Buyer.

j) Seller will ONLY pay for repairs linked to a valid warranty situation of the inflatable product. Any additional repairs not covered by warranty will be the responsibility of Buyer.

k) The areas repaired by any outside authorized repair company will be void of any further warranty of Seller. Those repaired areas will be the ongoing responsibility of the repair center handling the repair.
